

DictaNet 1 – Professional dictation at no cost

DictaNet 1 together with the **DictaNet App** is a basic dictation system for your office. Install the **DictaNet App** on your smartphone to record dictations of up to 15 minutes in length. Send the encrypted dictation to the office where **DictaNet 1** is installed. Here it can be received, encrypted and processed further. Playback is controlled by a USB footswitch or DictaNet keyboard control.

As an optional feature, DictaNet Online Speech Recognition can be licensed. Send your encrypted dictation to the voice recognition server and then receive a transcribed document in return.
